Brief Description of Differences

Physical, SMT layout and functional differences. Customers should check their design vs SIM2055 carefully. SIM2055 offers a front 'card stop', SIM2060 is 'pass through' and SIM2065 is rear 'card stop'.

Reason for Change

Due to reducing demand GCT is rationalising its retainer SIM range. GCT will no longer offer multiple options, but focus on most popular SIM2055.

Anticipated impact on form, fit, function, or reliability

See description of change.

Required Inventory Action

Customer return for credit if required.
